

VICTORY TAKEN AS MANDATE TO SCRAP LEAGUE

Overwhelming Majority So
Construed By Senator
Harding

OFFERS SUBSTITUTE
President-elect Says "The
League Is Now
Deceased."

Marion, O., Nov. 5.—President-elect Warren G. Harding has interpreted the overwhelming Republican majority as a mandate from America to scrap the Wilsonian covenant of the League of Nations.

That was the outstanding fact today in national and international politics. Senator Harding first indicated his chief impression as to what Tuesday's enormous ballot implied in a shop talk with newspapermen. But in addressing some 25,000 enthusiasts with blaring bands and red fire who stormed the Harding home last night he made public his position clearly and unmistakably, when he said, "the league is now deceased."

When the mock bear hearing the prone form of "League of Nations" passed in review Senator Harding smiled and acknowledged the tribute with a wave of his hand. Pandemonium had been continuous but the funeral effigy drew fresh cheers from some, while others stood silent and thoughtful. Then the league's pallbearers moved on, only to return later, coming within a dozen yards of the stone balustrade upon which the president-elect stood, so that he could inspect the "dead covenant" trailed by Democratic rooster draped in black, to better advantage.

Fulfills Declarations.

Senator Harding made it clear that as president he would seek to fulfill campaign declarations that a fraternity of nations be formed, based on justice, wherein the United States, strong and unfettered, would play its proper and independent part.

Numerous banners carried by marchers read: "Harding and a clean campaign won." And Senator Harding in his speech, thundered:

"If I had to seek the presidency at the cost of speaking ill or telling a lie, I'd spurn the office, for it would not be worth an honest man's occupancy."

Mrs. Harding, wearing a reddish brown woolen dress, white shoes and a black seal cap, stood and waved her handkerchief to the cheering delegations.

Open house continued at the Harding home until early today, a thousand Marion and Ohio folk pressing into the residence to greet the president elect.

Today trunks and suitcases were being packed at the Harding home for the month's vacation in the south. Senator Harding had no fixed engagements for the day, but there were a couple of dozen politicians and well wishers from miscellaneous sections seeking a few minutes with the next president.

BEGIN AGITATION FOR PARLOR CAR SERVICE TO CHICAGO

In an effort to have the Pennsylvania railroad operate chair, or parlor car service between Xenia, Springfield, Dayton and Chicago, on the train which arrives in this city from the west at 5:45 in the afternoon, the Chambers of Commerce of the first three cities, have taken the matter up with railroad officials.

Complaints have been received by these organizations from travelers who are unlucky enough to have to go to Chicago on the day train over the Pennsylvania line. The traveler has to go to Richmond, Ind., on a day coach and take his chances there of getting a seat in the through Chicago day coach from Cincinnati or in the through chair car, it is declared.

The tendency of this sort of service is to deflect daylight travel to and from Chicago north to the Columbus-Piqua line and the Port Wayne line of the Pennsylvania railroad rather than to make the preferred route from Chicago to this section of Ohio via Richmond, Dayton, Xenia and Springfield. It is stated that a number of people go out of Dayton to Lima and then take the Baltimore and Ohio from that city to Xenia in order to get parlor car service.

The Xenia Chamber of Commerce will co-operate in the effort to secure better service to Chicago.

DAYLIGHT ROBBERY NETS BIG HAUL

Chicago, Nov. 5.—A bold daylight robbery on the south side this forenoon netted four bandits \$30,000 and \$400 in bonds which was on its way to the state bank at Hyde Park, a Chicago suburb.

The four men attacked Thomas Grace, bank messenger, near the Illinois Central railroad tracks at 53rd street. The men escaped.

NEWSBOY CANDIDATE

William Murphy, newsboy candidate.

INAUGURATE NEW PRESIDENT OF OHIO COLLEGE ON FRIDAY

Despite the fact that he is a Democrat the residents of Chicago are wishing William Murphy success in his fight for election as Congressman-at-Large from Illinois. Murphy started as a newsboy in Chicago and is still at it. He is said to be wealthy.

Rev. Dr. Rees Tulose, of Mansfield, To Direct Wittenberg.

Springfield, O., Nov. 5.—With fitting ceremonies, Rev. Dr. Rees Tulose, formerly of Mansfield, was inaugurated today as president of Wittenberg college.

An academic procession was held at 9 a. m. the faculty and visiting representatives of colleges and universities participating.

President Tulose delivered his inaugural address, reviewing the history of Wittenberg college, referring to its bright future and to the \$1,500,000 endowment fund drive which starts, officially on Nov. 10.

Dr. Tulose is the college's seventh president. He succeeds Rev. Dr. Charles G. Heckert, who becomes president emeritus.

Rev. Carl A. Sundberg, was installed as general secretary.

Rev. Dr. H. C. Roehner, Mansfield, was among the speakers at a banquet attended by over 1,000 persons, including visitors from several states.

The Synod of Ohio is the name of the general body formed by the merging of the states four Lutheran synods, the east Ohio, Miami, Wittenberg and district. The merger affects 90,000 Lutherans. Dr. Paul Kover of Mansfield, was chosen president. Incorporation papers will be filed immediately by the legal committee.

SEVERE LOSSES ARE SUSTAINED ON MARKET

New York, Nov. 5.—Stock markets movements continued mixed at the opening today with severe losses sustained in many stocks while others were in brisk demand at advance.

Northern Pacific had a wide opening of from 95 to 94 1/2 and in the later trading the stock moved up to 95 5/8, a gain of 1 3/8. The buying was based on knowledge in regard to oil developments on the system. Southern Pacific rose 1 point to 116 1/4. Reading advanced 1 point to 100 3/8. Chesapeake and Ohio was a strong feature, selling up 2 3/4 to 70 1/4.

COAL MINERS ARE RETURNING TO WORK

London, Nov. 5.—Coal miners began returning to work today under orders from the executive committee of the federation of miners. The federation declared the strike ended although a majority of ballots in the referendum vote was against acceptance of the government's terms of settlement. It was stated that the necessary number of votes to kill the government's proposal were not obtained.

WIFE WON'T COME; DIVORCE WANTED

Akron, O., Nov. 5.—C. E. Hudson has filed suit for divorce here on the grounds that his wife refuses to come to Akron even refuses to come and give the place the "o-o" he says. Hudson insists that his wife, "Dottie" lives in Alabama. They were married in 1916.

RICHMOND WOMAN FOUND IN DAYTON

Dayton, O., Nov. 5.—Exhausted and hungry, Mrs. Daisy Haager, wife of Louis Haager, Richmond, Ind., was found here late last night by police and taken to a local hospital. The woman said she came here to escape the wrath of her husband and had walked most of the way, searching for work.

GOMPERS DECLARES ENEMIES OF LABOR DEFEATED AT POLLS

Labor Chief Avers Fifty
Congressional Candidates
Dates Lose.

"FRIENDS" ELECTED

Result Not Entirely Satisfactory To the "Grand Old Man"

Washington, Nov. 5.—Samuel Gompers, president of the American Federation of Labor today issued a statement declaring that the American Federation of Labor, in its non-partisan campaign defeated fifty congressional candidates hostile to labor and elected from 55 to 69 "whose records show fair and considerate service."

An incomplete check, he added, showed that fifteen "friends" elected to congress held union cards and it is believed that a complete check will increase this list to more than 20.

"It is not to be said that the election was satisfactory in every respect," Gompers' statement adds, "every forward looking man and woman must feel some deep regret because of the great plunge toward reaction, but democracy will right itself at the proper time. Meanwhile actual tabulation of results in the congressional elections show a definite gain for all that makes for progress and a response to the needs of our times and represents a clear gain for integrity in government."

Mr. Gompers emphasized the fact that the federation campaign had been primarily a campaign in congressional districts.

FEMININE JEALOUSY HELD RESPONSIBLE FOR DEFEAT AT POLLS

Alice Paul Repudiates
Statement Of Dr. Edward H. Reed

Washington, Nov. 5.—To feminine jealousy and women's distrust of one another, neurologists here today "psyching" the woman voter attributed the fact that Miss Harriet Mills, Democratic nominee for secretary of state in New York fell far behind her ticket in Tuesday's election and other women candidates throughout the country suffered defeat when sufficient support from their own sex would have elected them.

According to Dr. Edward Hiram Reed, woman still regards woman as a competitor.

"This is natural," he said, "since for ages she has been compelled to vie with other women for male favors."

"The reason that women do not work well in groups is because they are jealous and do not trust their own sex. As their opportunity to compete with men in business and politics widens this jealousy and distrust will lessen."

Alice Paul, chairman of the Woman's National party and other feminists, indignantly repudiated this opinion declaring that "women will not support women simply because they are women."

REPRISALS RENEWED BY IRISH POLICE

Dublin, Nov. 5.—Two soldiers were killed in a pitched battle between Sinn Fein volunteers and British troops at Edgeworthstown, county Longford today. The coast guard station at Union Hall, near Skibbereen, on the southwestern coast of Ireland, was under attack during the night and one man was killed.

The Sinn Fein volunteers that engaged British troops in battle in county Longford form part of the Irish Republican army.

Dublin, Nov. 5.—Reprisals were renewed at Templemore today by the military police in retaliation for the murder of Captain Hamilton, according to advices from that place. The while population was reported in panic.

MAY NOT ATTEND LEAGUE

London, Nov. 5.—Premier Lloyd George stated in the house of commons that he had not yet decided whether he would attend the League of Nations conference in Geneva. He announced that a new licensing bill would be introduced next week.

INDICTMENTS VOTED

New York, Nov. 5.—Indictments were voted against three persons by the grand jury which has been investigating charges of graft and irregularities in New York's building trades industry. Names of those indicted were withheld pending their arrest.

IRISH DEATH LIST IS THIRTY-FOUR

London, Nov. 5.—The death toll in battles in Ireland since the death of Terence MacSwiney, has reached 34, it was stated at the Irish office today. The casualties were tabulated as follows:

Policemen	21	27
Soldiers	5	8
Civilians	8	7

The Irish office admitted that there has been reprisals in one or two cases, but said that strong measures were being taken to prevent this form of violence. The latest reprisals, according to Irish office officials, were "suppressed as soon as possible with the aid of soldiers who thereby evoked commendation."

REPUBLICAN VICTORY SOUNDS KNELL OF MANY APPOINTEES

Number Of Pomerene
Proteges Will Lose Out
After March

Canton, O., Nov. 5.—Deputy Revenue collector, Harry Weiss, of Canton, with offices in Cleveland, stands to lose his office as a result of the election. Weiss is a protege of U. S. Senator Althea Pomerene, but Democratic power has been shown after next March 4 a number of Pomerene appointees throughout the state will lose out. In Canton for the first time in eight years, the Republican congressional member, J. H. Himes, will name the Canton, Massillon and Alliance postmasters, although the district has been represented for the past six years by a Republican.

CONTENTMENT CAN BE FARMER'S AIM SAYS DR. THOMPSON

County Farm Agents Ad-
dressed In Meeting In
Columbus.

Columbus, O., Nov. 5.—That contentment, rather than wealth, should be the aim of the farmer is the assertion made by Dr. W. O. Thompson, president of Ohio State University, addressing the state wide conference of county farm agents here. "The American Indian as found by the early settlers, was as happy with his lot as are the more advanced people of today," declared Thompson, his remarks being based on the subject "How to get a better standard of living on the farm."

ROOMER SUDDENLY LEAVES; WEARING APPAREL MISSING

Police are searching for a thief who stole a new suit of clothes and a pair of shoes belonging to William Hurlless, from his room at the home of Charles Bales on West Third St. Thursday.

A man, who claimed that he had just secured a position on the railroad here, applied for a room at the home of Mrs. Bales, Thursday, and then spent the afternoon in the room as he said, "resting." Later he left carrying a suit case, but said that he intended taking it to the depot and would return later. When Mr. Hurlless arrived home he found the suit of clothes and a pair of shoes gone and the unknown roomer did not return.

NEW MEXICO GIVES HARDING MAJORITY OF 5,500 VOTES

Albuquerque, N. M., Nov. 5.—Complete but unofficial returns from every county in New Mexico today gave President-elect Harding a majority of 5,500 votes. Merritt McMechem, Republican for governor, has a majority of 4,205 over R. H. Hanna, Democrat. The majority of Nestor Montoya, Republican for congress over Antonio Lucero, Democrat, will exceed 5,000. The entire Republican state ticket was elected.

WILL INVESTIGATE CHARGES OF ELECTION FRAUDS REPORTED

Attorney General Wires In-
structions To District
Attorney.

ALLEGED REPEATING

Additional Charges From
Various States Are
Also Made.

Louisville, Nov. 5.—Democratic claims today that 2,000 illegal votes have been counted in Harlan county alone served to further bedevil the result of Tuesday's general election in Kentucky. Charges by Democratic state chairman Grayott, that a discrepancy of 11,000 exists in the count of votes in the race for the U. S. senatorship, serve to make the situation still more uncertain.

Washington, Nov. 15.—Attorney General Palmer today wired instructions to District Attorney Slattery at Covington, Ky., to investigate charges of election frauds in various counties of northeast Kentucky. The charges were brought to the attorney general's attention last night. They alleged that in some districts there was wholesale repeating by voters the practice having been particularly flagrant in the mountain districts. Palmer directed that immediate prosecutions be lodged where the facts warranted that course.

Additional charges from various states have reached the attorney general's office. These include assertions of ballot box stuffing, repeating and illegal use of money under the corrupt practices act. The attorney general was not prepared to state what action he would take in the particular cases or to specify the states from which the charges came.

It was added at the department that what action would be taken in the cases of the election boards in Illinois which involves the election as senator of William B. McKinley could not be stated.

GREAT REPUBLICAN LANDSLIDE STILL GROWING IN LAND

New York, Nov. 5.—The great Republican landslide continued throughout today to roll up great majorities and pluralities in the more remote sections of the country where tabulation has been slow. All doubts as to Tennessee's joining the Harding column, thus confirming the historic making break of the "solid south" and making certain a total of 404 electoral votes for the Republican winner, leaving only 127 to Cox, were dispelled.

Today's new figures also added to the already staggering dimensions of the Harding sweep in New York state. In the early afternoon when only 143 districts were yet to be heard from, Harding's counted votes were 1,842,222 with Cox polling only 782,693. Additional results of the state balloting showed that yesterday's predictions of a maximum of 60,000 plurality for Judge Nathan L. Miller over Governor Smith had been too conservative. With 123 districts missing, the Republican victory had a plurality of 73,052, which may, however, be whittled down in favor of the governor by returns yet outstanding. At Senator Wadsworth's headquarters a 550,000 plurality over Harry C. Walker was freely predicted. As for the congressional results a clear republican majority of 22 in the senate and at least 150 in the house seemed certain.

MORGAN WINS OVER DEMOCRAT IN RACE FOR CONGRESS

Newark, O., Nov. 5.—William Morgan, Republican, is elected congressman from the seventeenth district over William A. Ashbrook Democrat, on the face of complete returns received from various counties this morning.

This gives Morgan a total of 3271; Ashbrook 2932. Morgan's plurality 339. A m. x up in precinct B, 6th ward Newark, shows a difference in the poll book of 150 and the officials of the election board may go into open court to count the ballots. The 150 votes missing on one poll book are all Republican votes, it is said and this will increase Morgan's majority to 482.

GOVERNMENT PROBES DEATHS IN ARSENAL

Baltimore, Nov. 5.—A rigorous investigation is being conducted by the military authorities today at the U. S. government arsenal, Edgewood, near Baltimore, into the death of two civilian employees, believed to be the latest victims of wood alcohol poisoning at the armory stock.

Son Of Former President
Mentioned As Speaker
Of Ohio House.

Columbus, O., Nov. 5.—Friends here are urging the selection of Robert A. Taft, Cincinnati, son of former President Taft, as speaker of the Ohio house of representatives. Taft is a member of the Hamilton county delegation in the lower branch of the state legislature.

Report has it that Charles A. Jones, Delaware, who served as director of publicity at Republican state headquarters during the campaign, is to be secretary to Senator-elect Willis Jones was secretary of the state tax commission when Willis was governor.

TUMULTY HAD BUT SLIGHT CONNECTION

Washington, Nov. 5.—In connection with assertions of Franklin T. Miller, adviser to the senate committee on reconstruction made in New York, that Joseph P. Tumulty, secretary to the president, was the chief director of operations in the coal crisis last summer, it was stated at the White House today that Secretary Tumulty's sole connection with the negotiations was to bring together the railroad men and operators for a conference.

POLES ARE DEFEATED BY LITHUANIANS

WRITES FOR MRS. OGDEN MILLS

Poughkeepsie, N. Y., Nov. 5.—Funeral services for Mrs. Ogden Mills took place in the St. James Episcopal Church here. Among those who attended were Mrs. Whitelaw Reid, Mr. and Mrs. Ogden Reid, Mrs. Vincent Astor, Mrs. Arthur Scott Burden, Mrs. Nathaniel Thayer, Mr. and Mrs. Frederick W. Vanderbilt and J. Roosevelt Roosevelt.

G. O. P. GETS 12,000 VOTES.

Jackson, Miss., Nov. 5.—Republicans polled 12,000 votes in Mississippi in Tuesday's election, a record breaker.

WOMAN FATALLY SHOT IN OUTBREAK OF VIOLENCE IN IRELAND ON FRIDAY

London, Nov. 5.—Three civilians, one of them a woman, with a baby in her arms were shot in Ireland today according to advices from Ireland. The woman, Mrs. Helen Quinn of Adrahan county Galway, was fatally wounded. She expected to become a mother again within a month.

Mrs. Quinn was seated on a low stone wall in front of her home when a police lorry passed. A shot was fired which entered her stomach. The wounded woman staggered to the porch of her home where she collapsed. A messenger was hastily summoned for a priest to administer extreme unction. While the woman lay dying another lorry passed with the policeman firing. Neighbors who had gathered at the Quinn home fled to the fields in terror.

News of the wounding of the woman was communicated to the Irish office. Sir Hamar Greenwood, chief secretary for Ireland, said that the police probably fired in anticipation of an ambush and that Mrs. Quinn was likely hit by a stray bullet. The priest who was called to the Quinn home in Galway had preached a strong sermon only last Sunday denouncing murders by the black and tan police.

Two civilians were shot by troops in Galway a few moments later, the advices stated.

SELECTION OF NEXT CABINET CHIEF CONCERN

Sutherland and Weeks Almost Certain Of Appointment.

HOOVER MENTIONED

Ex-Food Administrator May Be Chosen As Secretary of State.

New York, Nov. 5.—Two of the 10 men who will constitute the next cabinet and assist President Warren G. Harding in directing the destinies of the nation for the four years beginning March 4, next, have already been tentatively selected by the president-elect, it is believed.

While cabinet making is yet in the speculative stage, a summer spent on the Harding front porch in Marion revealed the activities of several men, activities which were a vital factor in providing the unprecedented Republican victory and those close to Senator Harding do not believe that places can be denied these men.

One of them whose cabinet post is believed to be assured is ex-Senator George Sutherland, of Utah. Sutherland was at Marion most of the summer. He was perhaps Senator Harding's closest adviser and confidant. He is by long odds the leading candidate for the attorney generalship. He is a lawyer by profession and an ex-president of the American Bar Association.

The other man who is considered a cabinet certainty is ex-Senator John W. Weeks, of Massachusetts. Weeks was one of the most influential members of the Republican executive committee, the organization nominally responsible, at least, for Tuesday's avalanche. Senator Weeks is an Ann Arbor graduate, conversant with naval affairs, and indications point to his succeeding Josephus Daniels as the head of the American navy.

Hoover Best Bet.

The secretaryship of state, the most important post which Harding will have to fill, is one that already is causing the president-elect and his advisers considerable concern. Four names so far have been prominently mentioned for this post—Elihu Root, Henry Cabot Lodge, Philander C. Knox and Herbert Hoover.

Unless there arises unseen developments before the "pickin' season" is over, it is believed that Root's name can be disregarded. Those closest to Harding say that he does not consider himself or the present Republican heads under any particular obligations to Mr. Root, and it is a known fact that Root's European activities during the heat of the campaign were causing the Republican heads grave concern.

It is doubtful if Senator Knox's health would permit him to assume so important a post. Senator Lodge has protested that he does not desire a cabinet position and Herbert Hoover's position is not generally known.

It is believed that Herbert Hoover will have a responsible position in

OREGON CASTS BIG VOTE FOR HARDING

Portland, Ore., Nov. 5.—Warren G. Harding has carried every county in Oregon and is now 54,992 votes ahead of Governor Cox. This plurality is on the basis of complete returns from 21 counties and incomplete returns from all the others. Harding's vote as tabulated to date stands 130,494, a lead of 73,341 over Gov. Cox.

In the senatorial contest Robert N. Stanford, Republican, is now on the basis of the same count, 15,077 votes ahead of Senator George E. Chamberlain, Democrat.

CONDEMNS PASS.

Washington, Nov. 5.—The state department today issued a statement condemning the use of a foreign passport by a United States citizen as a wrongful act and one inconsistent with true allegiance to the United States. Warning was given holders of such passports that it would be the disposition of American diplomats and consular officers to whom they applied for a visa, not to assist them to return to the United States.

MARKED BALLOTS FOUND IN SEWER

New York, Nov. 5.—William Vogt and Joseph Huffman appeared at the district attorney's office and made an affidavit to the effect that they had picked up at the opening of a sewer 26 ballots all marked for the Democratic nominees.

William Vogt and Joseph Huffman both of this city, reported their alleged find to Secretary Smith of Tompkins hall, who notified the board of elections.

John R. Voorhis, president of the board said he had recommended that the ballots be sent to District Attorney Swann.

Assistant District Attorney Talley at once notified police captains in the district—part of the lower East Side—to watch for more "purloined ballots," and gave instructions to have all sewers searched in that neighborhood.

The ballots bore every indication of having been voted the numbered stubs at the top having been torn off.

GLASS FACTORIES CLOSE

Lancaster, Ohio, Nov. 5.—Stating that Ohio Fuel Supply Company refused to furnish gas to them found glass companies employing about 1,600 persons have shut down indefinitely. The companies affected are the Lancaster Glass Company, Hocking Glass Company, Columbus, Window Glass Company and the Pleasantville Window Glass Company.

Tired Nervous Mothers Vinol Is What You Need To Make You Well And Strong

Women in this city who are "fagged out," weak, overworked and nervous should profit by the experience of Mrs. L. W. George. She says, "I was weak, run-down and nervous, with no ambition to do anything. After everything else had failed, Vinol built me up and restored my strength."

This is another link in the great chain of evidence to prove to overworked mothers that Vinol contains the very elements needed to build them up and make them strong.

Ordinance No. 147

To Issue Notes in Anticipation of the Collection of Assessments for the Construction of Sidewalks on New Street.

Be it Ordained by the City Commission of the City of Xenia, State of Ohio:

Section 1. Whereas, on the 28th day of October, 1920, the Commission, by ordinance duly passed, assessed the costs of constructing sidewalks on New Street between Chestnut Street and Xenia Street, upon the property bounding and abutting upon said improvement, and by the same resolution determined to issue notes in the sum of Three Hundred Seventy-two Dollars (\$372.00) in anticipation of the collection of said assessment;

Now, Therefore, in order to provide a fund for the aforesaid purpose, it is hereby determined that four notes of the City of Xenia, Ohio, be issued. Said notes shall bear interest at six per cent per annum, payable semi-annually; shall be numbered consecutively from one to four inclusive, and be in denominations and mature as follows:

No. 1. Seventy-two Dollars, payable March 1st, 1922;

No. 2. One Hundred Dollars payable March 1, 1923;

No. 3. One Hundred Dollars payable March 1, 1924;

No. 4. One Hundred Dollars payable March 1, 1925.

Said notes shall be payable at the office of the Treasurer of the City of Xenia, Ohio, and the Mayor and Auditor of said city are hereby authorized and directed to issue said notes according to law, and to sign and seal the same with the corporate seal of said City.

Section 2. That the funds derived from the issuance and sale of said notes shall be placed by the City Auditor to the credit of the New Street Sidewalk Fund, and shall be used for the aforesaid purpose and for no other purpose whatsoever.

Section 3. There shall be levied and collected during the period for which said notes had to run by taxation on all taxable property on the tax duplicate of the City of Xenia, Ohio, an amount sufficient to pay the interest thereon, and as herein provided and to provide a sinking fund for the payment of said notes as they shall mature, provided the amount of such levy shall be such as to provide and make up any deficiency in the revenue of the said City of Xenia, Ohio, available for the payment of such interest and the creation of such sinking fund from the collection of said special assessments heretofore levied in lieu thereof, or otherwise. And shall compute the amount of such general tax levy, and the proper taxing authorities certify the same for collection as other taxes are certified and collected.

Section 4. This ordinance shall take effect and be in force from and after the earliest date allowed by law.

Passed this 28th days of October, 1920.

NUMBER OF VOTERS IN GREENE COUNTY NEARLY DOUBLED

The number of voters in Greene county has almost been doubled if the vote at Tuesday's election and at the presidential election in 1916, can be taken as indicative of the actual number of people eligible to vote.

The estimate printed in this paper that there would be 15,000 voters available at the regular election held Tuesday, was not far from wrong according to the figures of the election, the actual vote for president being 13,239, including the socialist vote. For the Republican and Democratic heads of the ticket there were 13,072 votes cast as against a total of 7,163 cast for Hughes and Wilson combined four years ago. That there were a number of women who did not vote, is to be expected, although the number that did not vote was not as great, it is believed, as it was at first expected to be.

Figuring roughly and in round numbers, if there were 7,163 votes cast for president in 1916, by men only, and 13,239 votes cast for the heads of the ticket in 1920, with the women voting, the woman vote in the last returns must have amounted to 6,076, or only 1,087 votes less than the male votes.

These figures serve to show that the women, although given the right to vote only a short time before the presidential election, quickly picked up an interest in politics and in the presidential fight, and that despite rumors to the contrary, many of them abandoned their household duties long enough to visit the polls. It can be said in their favor, also that they were well trained in voting before going to the polls and that they voted quickly causing almost as little delay as men experienced in voting. It is thought that of the few ballots spoiled and unmarked, that men were responsible for a number of these, and they can not all be blamed to the women.

CARS TAMPERED WITH DURING MEETING AT YELLOW SPRINGS

Yellow Springs citizens have been much incensed over the action of rowdies during the Democratic rally in that village last Monday, when the tires of a number of machines parked in front of the opera house were mutilated, the lights disconnected and in some cases the gasoline tanks emptied.

The meeting followed a Democratic parade and Paul F. Dye, candidate for congressman and Mrs. Mary M. Tully were the speakers. There were a number of visitors from other places in the county at the meeting and during the speaking, they left their machines parked on the street in front of the building.

In the meantime practical jokers released the air from some tires, and in some instances threw the valves away. On other machines, the tires had been cut and chopped to pieces, and on some the inner tubes had been taken out and thrown away. Lights were disconnected and tanks emptied of their gas.

The machine belonging to Wilbur Donovan, of this city, which was parked in the street, had the air let out of the tires, and the valves thrown away, the lights disconnected and a quantity of gasoline emptied. Although he had put ten gallons of gas in the car before leaving this city, the tank ran empty when he arrived in Xenia on the return trip.

Between twelve and fifteen machines were mutilated in this manner, and so far the miscreants have not been apprehended.

ILLINOIS PLURALITY OF 773,453 GIVEN TO PRESIDENT-ELECT

Chicago, Nov. 5.—With 456 down state and 48 Chicago precincts missing out of a state total of 5,730 precincts, President-elect Warren G. Harding was today leading Governor Cox by a plurality of 773,453 in Illinois. The latest returns give Senator Harding 1,247,136 and Governor Cox 473,683 including the virtually complete Chicago and Cook county vote.

With 951 down state and 48 Chicago and Cook county precincts missing the latest returns show William B. McKinley, Republican leader, 3,698,590 and Lewis 648,027.

Governor elect Len Small rolled up a plurality of 450,563 votes over James Hamilton Lewis with but 505 precincts missing. Small's vote was 3,698,590 and Lewis 648,027.

ONE DEMOCRAT IS ELECTED TO CONGRESS FROM OHIO, THOUGHT

Columbus, O., Nov. 5.—It appeared this morning that one Democrat had been elected to Congress from Ohio. Although Congressman W. A. Ashbrook, representing the 17th district had conceded the election of his Republican opponent, W. M. Morgan, Ashbrook, was leading by ten votes this morning. If Ashbrook has won, he will enter upon his eighth term in Congress. The 17th district comprises Ashland, Coshocton, Delaware, Knox, Licking and Richland counties.

Figures from all except 23 precincts in Ohio gave Harding a plurality over Cox of 395,108. With 77 precincts missing, Willis has a lead over Julian of 348,275. With 44 precincts still out, Davis leads Donahy by 132,413.

OHIO DOCTOR TOOK DRECO AND DECLARES IT TO BE A GOOD, SAFE HOME REMEDY

Says Dreco contains the same medicine he has been prescribing for fifty years to relieve stomach, liver, kidney and bowel troubles.

"I am opposed to reckless praise of anything, for I have lived too long and seen too many things come and go in my fifty years, of practicing medicine here in Ohio, but in fairness to Dreco, I am willing to openly endorse it after having taken this medicine myself," said Dr. John W. Fletcher, of 819 Grant Street, Springfield, Ohio.

"Before taking this medicine, I investigated what it was made of and I found it contained roots, herbs, barks, and leaves, which I have been prescribing for years in kidney, liver, bowel and stomach troubles and I have never found any improvement in the old time publicity, but I'm making an exception in this case, for Dreco deserves it."

"I carefully noted day by day the change Dreco was making in my condition, and after one bottle was taken, I had no more dizziness; the nausea and gas in my stomach was gone. My nerves were more steady and my bowel action was easy and regular every day. My sleep became sound and restful and my appetite very keen. My kidneys and bowels are acting better than they have in two years. Dreco is a safe remedy to be used in any family."

All druggists sell Dreco and it is being especially introduced in Xenia at Sohn's Drug Store.

A MIGHTY REBUKE TO SLIME GIVEN BY SENATOR HARDING'S HOME FOLKS.

It is pretty generally known that in the heated last few days of the late Presidential campaign the report was circulated, by small bills and by underbreath from person to person, that Senator Harding is tainted with colored blood—the object being to injure him with certain classes. Of course there was no truth in the rumor, but it showed the low nature of some persons willing to use a base lie to help a weak cause.

The slanderer and the assassin differ only in the weapons they use; with the one it is the tongue, with the other the dagger. The former is worse than the latter, for the last only kills the body, while the other murders the reputation and destroys the peace of the soul.

Commenting on the election, the Marion Star, Senator Harding's paper, said, under the caption, "Mighty Rebuke to Slime." "The defeat of every Democratic candidate on the county ticket is not altogether the result of the general Republican landslide, nor must it be taken as evidence that the county, in a marked degree, has changed its political complexion."

"And now, in the victory that has come, the Star desires to make acknowledgment. It can speak for Senator Harding, as well as for itself, when it says that the most gratifying thing about the result is the splendid vote of confidence and friendship given by the voters of Marion County, rebuking slander and vindicating the good name of the city and its residents, for all these were assailed in the form of campaign that was employed."

"The result is rather a reflex of the joint effort of the Republican electorate of the county and the high-minded element of the Democratic party to rebuke dirty politics, in which innocent Democratic nominees suffered with the guilty."

"Marion city and county combined to give a stinging rebuke to moral leprosy in political campaigns; they combined to make against the methods employed in the campaign closed Tuesday such a mighty protest as would give warning for all time that decent-minded people will not tolerate muck and slime in political campaigns. This is the Star's view of the overwhelming defeat of the Marion county democracy's ticket."

The two most precious things this side the grave are our reputation and our life. In this view, how bold and emphatic for good stands the reputation of Warren G. Harding as evidenced by the fact of the election turning his county politics. If comparisons were not odious, we would mention the fact of Governor Cox losing his own precinct, city and county—but we will charge that to the overwhelming landslide of the election.

WANTED MORE JUDGE LANDIS-ES TO "WHACK IT" TO LAW BREAKERS.

Justice is the constant desire and effort to render to every man his due. The only way to make the mass of mankind see the beauty of justice, is by showing them, in pretty plain terms, the consequences of injustice. Judge Landis, of Chicago, seems to have been stabilizing his decisions on this theory, and as a consequence evil-doers keep as far from his bailiwick as possible.

For years he has been giving pretty "stiff" sentences to criminals, likely not more than they deserve, but more than usually meted out in like cases by other judges. The law is the standard and guardian of our liberty. The criminal and the public are two opposing parties—that which the criminal calls good for him, is the very reverse for the public—and that which seems hard to the criminal is simple justice to the public.

Right and Wrong is a two sided game—Right has the law and justice on its side, while Wrong is a law breaker and the enemy of mankind.

"This man apparently is determined not to go dry," commented Federal Judge K. M. Landis at Chicago, Monday, as he imposed a sentence of 30 months in the Federal Penitentiary at Leavenworth and a fine of \$20,000 upon Charles M. Sommers, owner of the Birchmont Hotel and of the St. James Grill, of Chicago.

Sommers and his cousin, William Sommers, who was sentenced to 90 days in the county jail and fined \$10,000, pleaded guilty to conspiracy to violate prohibition laws and for selling liquor.

Evidence included part of a shipment of 15 barrels of whisky from Louisville, Ky., which, it was testified, was being sold at the hotel and grill.

As Mr. Sommers is viewing the Leavenworth landscape, or as much as he can see through the bars, for thirty months, he will have abundant time to repent of his sin against his country, against his fellowmen, and against the mothers of the boys he was starting to ruin.

With us, law is nothing unless behind it stands a strong public opinion. Let that die or grow indifferent, and statutes are waste paper, lacking all executive force.

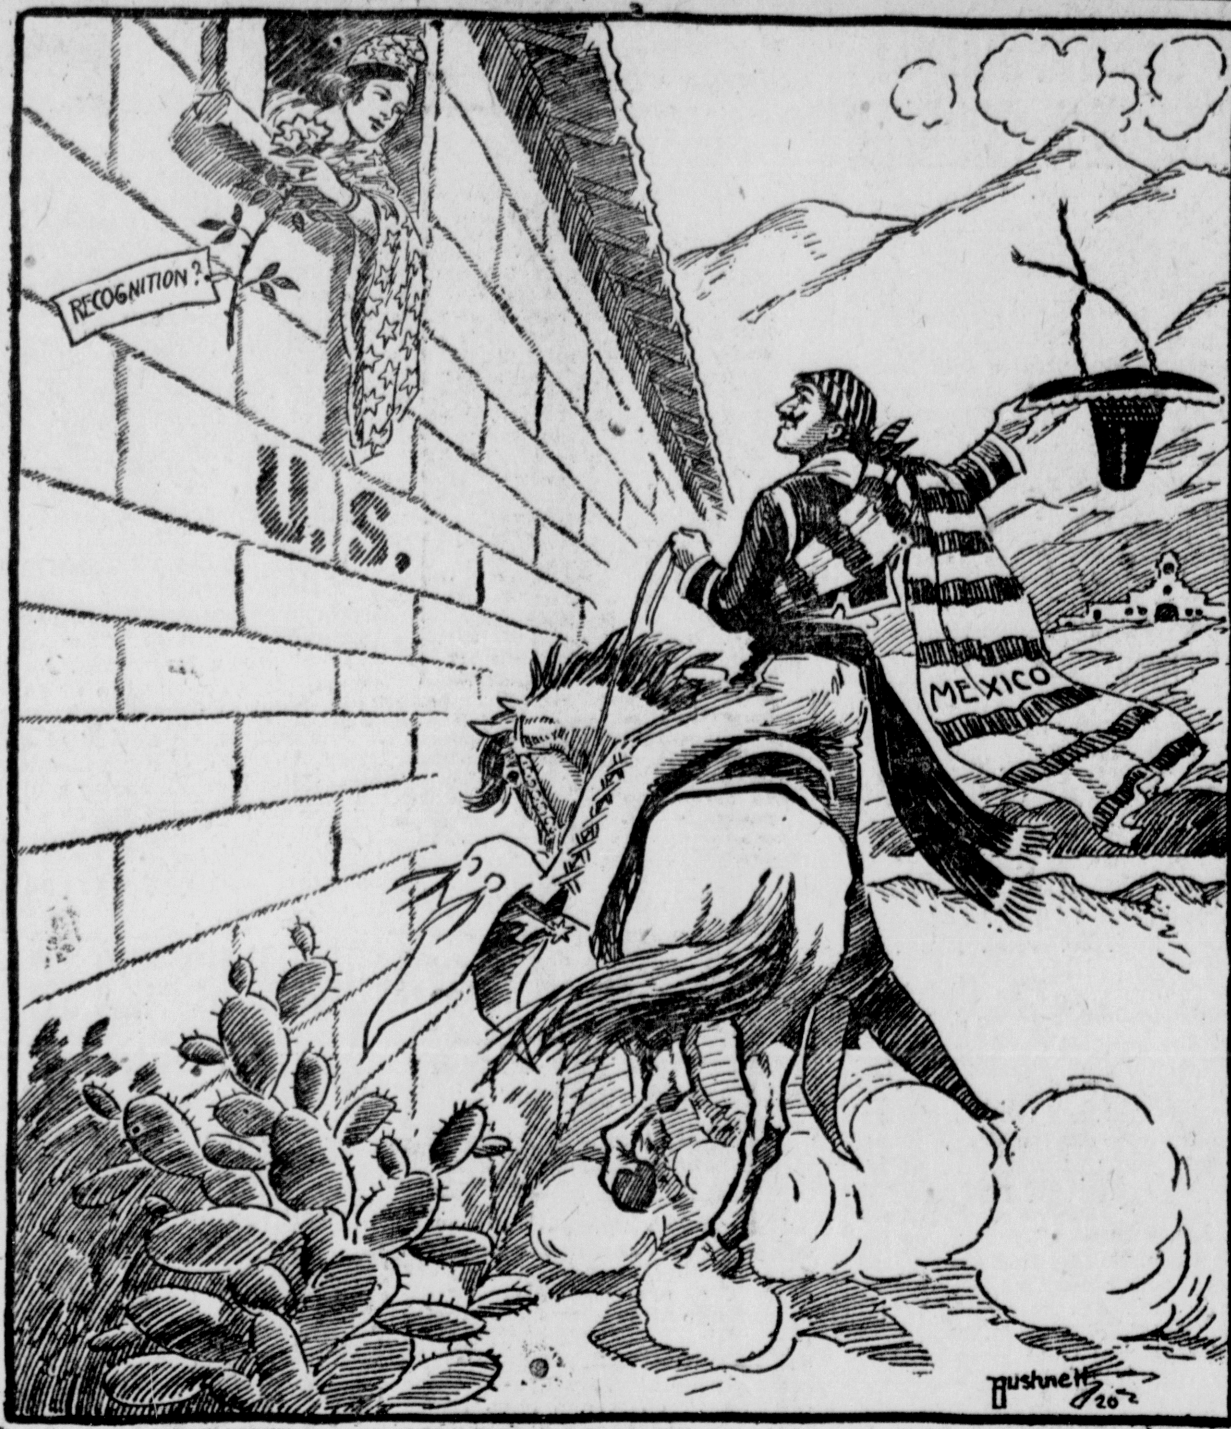

Law and Equity are two things that God hath joined together—let not man put them assunder.

VICTORY.

We're feeling well and hearty, and peace is in our souls; the Farmer-Labor party has triumphed at the polls; and Parley, standard bearer, will fill the White House chair, and bring a reign of terror to traitors everywhere. The Wall Street barons hissed him, hissed Parley, safe and sane, the plutocrats dismissed him with snorts of high disdain, and all the hosts of treason said they would knock him cold; but oh, there were no fleas on our standard bearer bold. He came from Salt Lake City, the home of Brigham Young, and he was wise and witty and had a fluent tongue. The farmer left his barley, in manner circumspect, to vote for good old Parley, our President-elect. And Peter, Mike and Charley, the toilers, plied their feet, to vote for good old Parley, who takes the Woodrow seat. Oh, some were sure that Harding would harvest Jimmie Cox's socks, and some made claims regarding my old friend Jimmie Cox. And some grew sore and snarley, defending Warr'n or Jim, but I stood up for Parley, and now rejoice with him. Old parties are disjointed and driven from the map, and I will be appointed to some fat public snap.

Ordinance No. 146

To Levy Special Assessments for the Construction of Side Walks on New Street; Be it Ordained by the City Commission of the City of Xenia, State of Ohio:

Section 1. That to pay the costs and expenses of constructing side walks on New Street, between Chestnut Street and Xenia Street in accordance with a resolution of the Commission passed on the 28th day of October, 1920, there be levied and assessed upon the lots and lands hereinafter described the several amounts herein set forth:

Owner, Ralph Compton, description of property, 202 feet on New Street, assessment, \$202.00. Owner, P. H. Flynn, description of property, Lot No. 21 in Simison and Flynn's addition 170 feet, assessment, \$170.00.

Which assessments are \$1.00 per foot front on the property bounding and abutting on New Street between Chestnut Street and Xenia Street.

Section 2. That the total assessment against each lot shall be payable in cash within sixty days of the date of the final passage of this ordinance, or in five annual installments with interest at the rate of six per cent per annum, upon deferred payments at the option of the owner. All cash payments shall be made to the City Treasurer; all installments of assessments shall be certified by the City Auditor to the County Auditor, together with a penalty of five per cent, to be by him placed upon the tax duplicate, and collected as other taxes are collected.

Section 3. That to provide a fund for the payment of the costs and expenses of constructing side walks as aforesaid, the Mayor and Auditor be and they are hereby authorized to issue and sell notes of City of Xenia according to law. The proceeds arising from such notes shall be applied to the cost of such construction of side walks and the payment of interest thereon and to no other purposes whatsoever. And for the payment of said notes and the interest thereon full faith and credit of all the real and personal property of the City of Xenia, Ohio, are hereby pledged.

Section 4. That the proceeds arising from the sale of said notes, together with all moneys received from cash payments of assessments, shall be placed in the City Treasury, and disbursed upon proper vouchers for the purpose here-in provided.

Section 5. That the installments of assessments and all portions thereof shall be applied to the payment of said notes and interest as the same shall become due and to no other purpose whatsoever.

Section 6. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 28th day of October, 1920.

METEORS TO PLAY GAME IN DAYTON

The St. Brigid's Meteors, the parish team that won its seasonable debut two weeks ago at Reserve Park, defeating The Dayton Saxons, will go away from home for the game next Sunday, meeting the Dayton Cardinals, at Highland Park, Dayton.

Coach George Haller, who is training the parish athletes, has announced that the following will make the trip and likely break into the fray: Purdon, Neville and Gallagher at the ends; Heery, Lewis, Rachford and Hilliard at tackles; Geiger, Canny, Hendricks and Tooley at guards; Lawrence Rachford, John Rachford at center; Eugene Leahey at quarter back; Hollencamp at left half; Kelbie at right half and Frank Leahey at full back.

Coach Haller requests that all players be at the traction office at 11:45 o'clock Sunday morning to go to Dayton.

NEW FACES WILL BE SEEN ON TEAM

There will be some new but familiar faces in the line-up of the Xenia Maroons when they stack up against the Dayton Oakwoods at Reserve Park Sunday afternoon at 2:30 o'clock.

During the past week, several lads formerly famous in the lineup of the Maroons, have come out for practice and they will make their debut of the season against the Dayton club Sunday. Among these is Curt Free, who played guard on the last year Maroon team and before that on the old Mercuries, and who will likely break in at guard Sunday.

By defeating the Riverview Indians of Cincinnati last Sunday, the Maroons won the right to play the Cincinnati Redlands at Redland Field next Sunday, but the game was canceled because of the injury received by Paul Fuller, which will keep him out of the game for the rest of the season with a dislocated shoulder. Riley, an all Ohio center who broke into the game at guard last week, will be switched to the snapper-back position in the game with the Oakwoods.

With the lineup that fans will see at the park Sunday afternoon, it is doubtful if any team within the weight class of the locals could defeat them. Fans are hoping now that while this combination is going good the locals will take on the Dayton Beavers, and it is believed that the locals could easily trim the Gem City outfit this season.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

CAR SERVICE FOR EMPLOYEES OF CIGAR FACTORY AGITATED

Efforts are now being made by the Chamber of Commerce to secure better city car service here from the Dayton, Springfield & Xenia Southern Railway, for the benefit of employees of the stemmery of the American Cigar Co., on West Second street.

The company employs more than 200 colored people, mostly women, who have to walk the greater part of the distance to the stemmery and to their homes in the East End every day. In bad weather, this long walk affects labor conditions at the stemmery, causing a shortage on some days.

Some time ago a committee waited on Secretary Tingley, of the Chamber of Commerce, and requested that an effort be made to influence the traction company, to run its city car down West Main street at 6:30 o'clock in the morning and again at 4:30 o'clock in the evening, instead of turning at the intersection of Main and Detroit streets on the trip to the O. S. & S. O. Home.

It is pointed out that the extra trips attention of the road at all nor would it hinder interurban car service. On the other hand it would permit employees of the stemmery to ride within a few blocks of the stemmery in the morning, instead of alighting at the court house square, and walking a much farther distance than they rode to reach the stemmery.

Mr. Tingley has called on traction officials in Dayton personally, bringing this request for better service to their attention and if favorable action does not result soon, the matter will be turned over to the City Manager Riddle and the City Commission. It is expected however, that the traction company will comply with the request to avoid further action on the part of the Chamber of Commerce.

C. OF C. WILL PASS ON INCREASED PHONE RATES AT MEETING

Business of importance will be taken up at the monthly meeting of the Board of Directors of the Chamber of Commerce which will be held next Monday evening.

One of the most important questions

to be taken up at that time, will be the question of the increased telephone rates put in effect here by the Central Union Telephone Company. The rates went into effect the first of this month, pending action of the State Public Utilities commission, the company putting up a cash bond of \$5,500 certifying the reasonableness of the rates. A report of the house committee will be made at the general meeting of the stockholders in the club at the meeting to be held next Tuesday evening.

The Chamber of Commerce will appoint a committee at Monday's meeting to represent citizens of Xenia at the hearing of the rate question when it comes before the Public Utilities Commission, Nov. 30.

UNDERTAKE MOVING OF CLUB HOUSE FOR NEW COUNTRY CLUB

Plans relative to preparing the grounds of the Xenia Country Club for use as quickly as possible, were discussed at a meeting of the House Committee, held at the Chamber of Commerce Thursday.

It was reported at the meeting that the house which will be adapted as a club house, is already being moved

from the J. E. Kelly farm, to the new site of the Country Club, the house having been donated by Mr. Kelly to the club.

The committee will meet again Saturday morning at ten o'clock at the Country Club site, and will examine the plans being made for the new club. A report of the house committee will be made at the general meeting of the stockholders in the club at the meeting to be held next Tuesday evening.

THUG ROBS WOMAN IN HOTEL ROOM

Cleveland, O., Nov. 4.—An armed thug broke into the room of Mrs. Marie Nelson, 23, guest at a local hotel and robbed her of \$75 early this morning. Police are holding two men, one as the perpetrator and the other as an accomplice.

Mrs. Nelson says that answering a knock at her door, a man with a revolver forced an entrance and grabbed her money from a dresser and struck her a heavy blow with the butt of his revolver. He then fled.

She gave her home as St. Louis, and said she had just received the money from her husband, a traveling salesman, to pay her expenses home after a visit to Cleveland.

Success Goes With a Fair Deal

An increase in our assets of over 25% in three months under our new Flexible Plan show:

That the people of Columbus and vicinity appreciate the fairness of the offer that gives them the full earning power of their money.

That they recognize, that with changing conditions, financial institutions must change their methods also.

That the people of Columbus are willing to assist in the housing situation when they are treated with the proper regard for their interests.

6 Per Cent on Time Deposits

is a fair return to the owners of the money when mortgages are made at 7%. We find no difficulty in placing our money on first-class security at this rate, and it gives us pleasure to turn over the increased earnings to the depositors who make our business possible.

GERMAN STEAMER ENTERS NEW YORK; FIRST SINCE 1914

New York, Nov. 5.—The first merchant steamship flying the German flag to come to the port of New York since July 1914, arrived yesterday. The vessel which marks the resumption of trade with Germany under the flag of that country, was the Sophie Rickmers, a steamer of 4,863 tons, built in Germany during the war. The steamer was flying the old German merchant marine flag. The Sophie Rickmers was docked at the Brooklyn army base under lease to the consignees of the ship. In accordance with a rule promulgated by Government authorities upon previous arrivals of German ships at American ports, none of the crew was permitted ashore. The Captain was allowed to go to the Customs House to enter his ship. The officers and crew represented virtually all branches of the former German Emperor's land, sea and air forces. The first officer was recently released from a Japanese military prison. The second officer claimed to have been a German "ace" during the war. He said that he had shot down 34 allied planes on all the fronts and exhibited an iron cross. Some of the members of the crew were said to have served on submarines during the war and there were others who had seen action on the western front.

EXPERTS ONLY WILL BE APPOINTED TO OFFICE SAYS DAVIS

Cleveland, Nov. 5.—Appointments to state offices will be limited to experts, Governor-elect Harry L. Davis, declared today in his first formal statement since his election. "I shall take up my work with a determination to serve the people as they would have me serve them," Mr. Davis declared. "It will be my aim to employ persons, who by past training and experience are fitted to perform the duties of positions for which they will be selected. "As mayor my very best efforts have always been put forth on behalf of the people of Cleveland and as governor I shall conduct myself in the same manner. "Mr. Davis would say nothing regarding appointments or the pro-

gram he plans to announce when he is inaugurated Jan. 1.

RECIPES OF OUR PIONEER MOTHERS

for the home treatment of disease were wonderfully dependable. True they knew nothing of drugs, but owed their success to the roots, herbs and barks of the field. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have was originally prepared for home use from one of these recipes. Its fame has now spread from shore to shore and thousands of American women now well and strong claim they owe their health and happiness to Lydia E. Pinkham's Vegetable Compound.

Every household should have a jar of **Resinol** to heal skin troubles

Skin troubles—itching patches, bits of rash or redness—so easily develop into serious, stubborn affections, that every home-maker should have Resinol Ointment on hand to check them before they get the upper hand. We recommend Resinol for this with the utmost confidence because of its harmless ingredients and its success in healing eczema and similar serious skin diseases.

Resinol Ointment is an excellent healing dressing, too, for chafings, burns and stubborn little sores. Doctors prescribe it. Sold by all druggists.

Stops Pain Like Magic

In grandmother's day the first thought was Lightning Hot Drops when some one had a pain—and pain vanished every time this old reliable remedy was used. New fangled and more costly things have won the younger generation away from some of the good old-fashioned remedies, but the demand for Lightning Hot Drops is greater today than ever. Nothing else so quickly relieves cramps, stomach and intestinal pains, rheumatic and neuralgia pain, toothache, headache and similar distress.

Lightning Hot Drops, for internal and external use, costs only 30c and 60c a bottle. At druggists—guaranteed.

MAN WHO REFUSED TO SPEAK FOR YEARS REMAINS SILENT WHEN FREED FROM JAIL

When the prison gates opened for "Corkey" Hanley. Warden Shattuck bidding him good-by at the prison exit.

Patrick J. Hanley, known to officials of the Massachusetts state prison as "Corkey," is now a free man—after serving twenty-five years in the prison. And he kept his word with himself to the end of his sentence. Ten years ago "Corkey," in full possession of his voice, went on a silence strike. Repeated attempts to make him talk—including the promises of a set of false teeth and a pardon—failed. It was not until he had stepped out of the prison that he uttered one word, "sure," to a question—and then he "struck" again.

DECLARES "VARIETY OF PRODUCTS" MEANS PROSPERITY FOR FARMER

PRINCE ALBERT, SASK.—C. M. Hamilton, the new minister of agriculture of Saskatchewan, struck the keynote of western Canadian agricultural development, when he said recently: "I am convinced that the prosperity of the farmer depends on a variety of products on the farm."

Under the stimulus of this idea, western Canada gradually is merging from a past of bonanza wheat into a present, of diversified farming. Dairying has shown remarkable growth. This is due not only to governmental educational campaigns but to the establishment of creameries in scores of towns by co-operative farmers' societies with government financial aid. These creameries furnish ready markets for the farmers of every district.

While this increased interest is apparent all over western Canada, yet it is developing with the greatest rapidity in that portion of the prairie provinces which is being most rapidly settled. That is the area contiguous to the transcontinental line of the Canadian National Railways. It is a well-watered, slightly rolling region with here and there a cluster of trees giving it the appearance of a

great national park which is naturally adapted to diversified farming. There is scarcely a farmer in this stretch of territory who does not keep at least a few cows and market milk and butter.

BEAUTY CHATS

HEALTH AND BEAUTY

I was talking with a beauty specialist one day—a man who is well known in his profession and who advocates the most extraordinary number of things to take internally and things to rub on externally.

"But you never tell your patients to exercise," I said.

"No," he answered, "women hate exercise and won't take it. Those who do generally don't come to beauty doctors for treatment."

I said nothing but I did not agree with him. I know hundreds of women who faithfully take exercises to improve their health and their looks. I think that by this time most women understand that in order to be beautiful, one must first be healthy.

A certain amount of exercise is absolutely essential. Such exercise should be taken preferably out of doors and if possible in a light costume so the pores of the body will have a chance to breathe. Strenuous exercise should always be followed by a hot bath and a quick cold rinse or shower. For the exercise makes the skin active, the pores begin to throw off the waste matter, always accumulating inside the body and the sooner this is gotten rid of the better.

There are many forms of outdoor exercise which are not so strenuous. There is auto driving for instance which fairly forces the fresh air into the lungs and which develops a quick eye, a sure hand and the ability to think rapidly in an emergency. And there is horseback riding which also gives a sure hand and eye, and which is one of the finest cures for digestive troubles. And there is even walking.

Ellie.—You can neutralize the perspiration by using a few drops of ammonia in the bath water; however, I should not be satisfied with that but should go to my doctor and have him decide whether or not the kidneys are performing their functions properly.

Blue Eyes.—A man 29 years of age could easily be in love with a woman of 42; it is exceptional and rather complimentary to the woman. It should give her such interest in herself that she could easily throw the years between their ages. Love is not the matter of difference in years; it is based upon powerful attractions in which the development of either one is dependent upon the other. If a woman of 42 should marry a man of 29, she could not afford to be

careless about her appearance, because she must never give the man any chance to regret their difference in age.

Anxious Little Brown Eyes.—You are about 12 pounds underweight. Drink plenty of milk, also the olive oil as you suggest. You may take one or two tablespoonsful three times a day and if you dislike the taste, it can be disguised by taking it with a small amount of grape juice. Take it with each meal.

BOY IS KILLED BY PLAYMATE.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbite, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 35c and 65c jars; hospital size \$3.00.

Why Are Skin Diseases So Difficult to Overcome?

When your skin breaks out with itching eruptions, tetter, rash, eczema, psoriasis, or other terrifying disorders, temporary relief will do you but little good, for soon all the afresh with renewed fury, and you soon realize that local remedies such as ointments, salves and similar treatment will never rid you of your trouble.

These troubles originate in the blood, and if you expect real substantial relief you must treat them through the blood.

The best remedy for this purpose is S.S.S., the fine old blood remedy that purifies the blood of disease germs, and thus restores the skin to a normal and healthy condition. Begin taking S.S.S. today, and write a complete history of your case, and our medical director will give you expert advice without charge. PERRILL AND NORTH WILL SERVE FOUR YEARS IN OFFICE

George N. Perrill, member of the present board of county commissioners and John A. North, newly elected member, will serve four year terms provided by the change in the terms of commissioners some time ago, and which will go into effect, January 1, 1922.

R. D. Williamson, who was re-elected Tuesday to serve his sixth term as a member of the commissioner board, was third man in the race by a narrow margin, and therefore will serve the one short term of two years. He will begin his term January 1, 1922. The unofficial vote stood: Perrill, 8,793; North 8,423; Williamson 8,350.

The new ruling on the terms of the office of county commissioner was made last summer the terms being changed from the regular two-year terms recently in vogue. According to the new ruling the commissioners now in office will extend their terms from the third week in September, their usual time of retirement, until January 1, 1922, that the new terms will begin the first of the year. The new ruling provides that the two commissioners receiving the highest number of votes shall serve four years on the

board, while the commissioner receiving the third highest number of votes, will serve the short term of two years.

Since the terms of the present commissioners have been extended from September until December 31, 1921, all three commissioners have more than a year to serve on their present terms. R. E. Corry, present member of the board who was not a candidate before the regular election, will be the only member to leave the board at the end of the term when John A. North takes his place on the board.

R. D. Williamson was re-elected to serve his sixth term Tuesday. Mr. Williamson was first elected to office after the length of term was changed from three to two years, and he has been a candidate every two years ever since. He has served ten years, with two years still ahead of him on the new term.

EX-GOVERNOR GETS PARDON AS JAIL SENTENCE PASSED

Montpelier, Vt. Nov. 5.—Governor Percival W. Clement granted a full and unconditional pardon to former Governor Horace F. Graham who was sentenced in the supreme court to imprisonment for five to eight years for embezzlement of state funds while he

was state auditor.

The governor in granting the pardon said:

"On account of the distinguished service of Governor Graham to the state of Vermont and the suffering which he has endured, I feel that he has been punished enough and I have issued him a full pardon."

Graham was a member of the Vermont house of representatives from 1892 to 1900, was state auditor from 1902 up to the time he was elected governor in 1915 and was reelected long term as auditor that the larceny amounting to about \$22,000 was committed. Restitution of a large part of this was made before the trial.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out.

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentho-Sulphur and use it like cold cream.

OVER SCORE NEW PRECINCTS WILL BE ADDED IN COUNTY

The Greene County Board of Elections will meet sometime within the next month and re-precinct the entire county according to officials of the board.

The unusually heavy vote cast Tuesday, with the women exercising their new rights of enfranchisement, made the work of tallying and counting too heavy at any one precinct and made the division of the county into more precincts imperative.

COLD'S VICKS VAPORUB

After ANY ILLNESS THE BLOOD IS WEAK

If You Get Well Slowly, Try Building Up Your Blood IT'S BLOOD THAT FEEDS THE BODY. Pepto-Mangan Creates Rich, Red Blood, Changes Pale Complexions to Bloom of Health.

A serious illness, even a cold that is hard to shake off, can reduce the blood to a weak, watery condition which keeps the normal strength and vigor from coming back.

This poor physical condition brings on a helpless, discouraged mental condition which rich, red blood can restore.

Pure blood should be rich in iron which Nature supplies to some extent in food. But often through faulty digestion or improper diet you don't get the needed iron, and your blood on which your health depends, grows weaker.

Gude's Pepto-Mangan enriches the blood, increases the red blood cells and supplies the ingredients that bring a quick response in vigor, vitality, and fine color.

Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—Adv

"WONDERFUL" IS THE WORD USED TO EXPRESS PRAISE

Dr. Jackson's Digestive and Liver Powder Certainly Deserves the Term.

These two statements are like many others on file at the Jackson Medicine Co.'s office in their enthusiasm and force. With such as these is it any wonder that this truly "wonderful" powder wins new friends daily? Read them:

"Your letter just came to my notice, having been mislaid. I hope you will pardon the delay and not think me ungrateful to the firm that puts up such wonderful medicine."—MRS. B. H. BATES, Rochester, N. Y.

Now read this one: "Please send me a box of Dr. Jackson's Digestive and Liver Powder, as it has done me more good than any medicine I have ever taken. Please send as soon as possible as I am suffering from a bad spell of indigestion."—MRS. H. G. MOHR, ING, Pittsburgh, Pa.

five before another election. New precincts were added in many counties before the presidential election, but no action was taken by the local board to re-precinct the county. The Secretary of State congratulated the board on not creating the new precincts immediately before the election, but the necessity of doing so before another election is held was impressed upon the board members following the election Tuesday.

It is expected that there will be from 55 to 60 precincts in the county when the board creates the new precincts at the coming meeting, as it is thought that the present number will almost have to be doubled in order to facilitate the election work.

The redistricting of the county will see the new territory taken into Xenia city by the recent extension of the corporate limits, placed in the city wards. Residents in the section, just taken into the city, were required to vote in the same precincts they were used to voting in before the change in the city limits at the election Tuesday, in order to avoid confusion, but they will probably be taken care of in the new precincts to be added soon.

NEW CIGAR STORE WILL BE OPENED

A new cigar store will be opened soon in the Schmidt building on East Main street in the room formerly occupied by the S. and S. Shoe Store by the Mullen-Jenkins Tobacco Company.

The room is now being fitted up for the occupancy of the new store, which will be known as the Mullen-Jenkins Cigar store. Paul Owens, who for some time has been circulating manager of the Gazette and the Republican will take the position

of manager of the new tobacco store. New fixtures are being installed in the room, and according to Rufus Mullen of the Mullen-Jenkins Company the store will be opened about the middle of November. A full line of imported and domestic cigars and tobacco will be carried by the company.

BELGIAN GRAPES ARE ON DISPLAY

Mr. and Mrs. Charles H. Scott of E. Main street, have received from their daughter, Miss Gladys Scott, who is in the East a huge bunch of Belgian grapes, grown in Belgium. In a letter accompanying the grapes, Miss Scott tells that they are grown on vines 300 years old and each bunch is carefully cultivated by skilled hands. The growers of the grapes have been taught the art in every generation for several centuries and grow the world's finest grapes.

The grapes are packed in cotton for shipment and transported to the Atlantic coast on the fastest mail steam ships. The bunch received from Miss Scott is now on display in the window of Fetz's grocery.

HOLD QUIET SERVICE FOR LATE SOLDIER

A quiet service was held at the grave at Woodland cemetery for Corporal John D. Puckett, Thursday afternoon. The service was in charge of the pastor the deceased of Dayton and six Dayton relatives served as pallbearers.

Corporal Puckett died while in service with Battery D., 134th Field Artillery in Coblenz, Germany some months ago.

DINNER STORIES

She was sitting after dinner with a gallant captain in a charming decorated recess. On her knee was a diminutive niece. In an adjoining room, with the door open,

were the rest of the company. Presently the little niece was heard to say in a jealous and very audible voice: "Auntie, kiss me, too."

"Certainly, pet," returned the girl. "But you should say 'twice, dear; 'two' is not grammar."

The transport had entered New York harbor. On board was one lone colored soldier among the homeward bound. As the ship passed the statue of liberty there was absolute silence, when suddenly the dusky doughboy broke the quiet by remarking: "Put your light down, honey, I see home."

"Miss Lane, do let me help you to some pudding."

"Well, thanks," said the young woman. "I will take some more, but only a mouthful, please."

"Jane," said the hostess to the parlor maid, "fill Miss Lane's plate."

"Humph! I suppose you've been everywhere?" sneered Gibson as the great explorer finished relating his experiences. "No," replied the traveler. "Not everywhere. I haven't yet visited the place the taxi driver told me to go to when I refused to tip him."

THE FAMILY OF MURDERED LOS ANGELES MILLIONAIRE

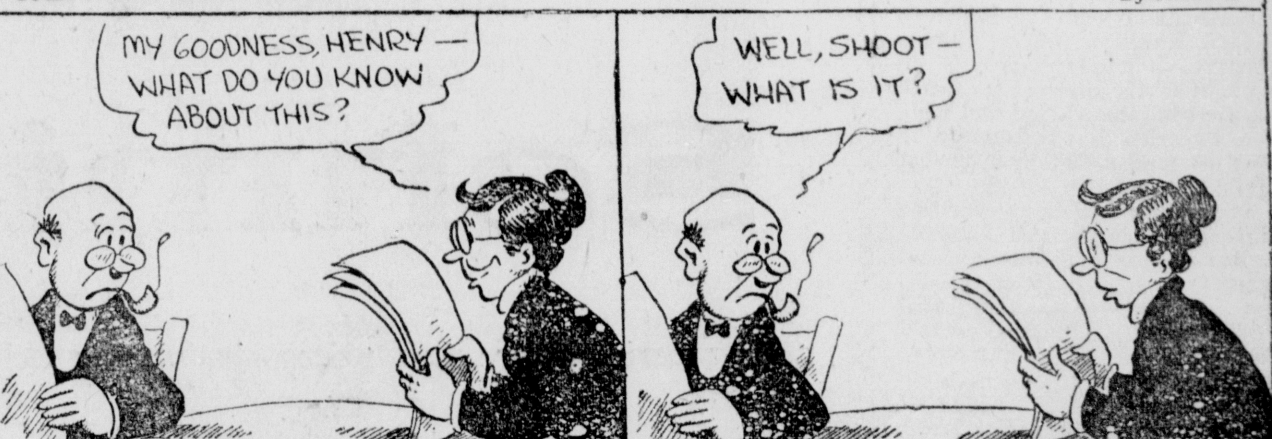

Left to right: Mrs. Jacob C. Denton, Mrs. Merriman, Attorney Rush Blodgett and Miss Francis Denton.

The placing of a charge of murder against Mrs. Richard Peete, housekeeper in the home of Jacob C. Denton, murdered Los Angeles mining man and millionaire, is taken as an indication that the solution of the mystery is near at hand. Denton disappeared June 3. His body was found late in September, buried in a shallow hole under the stairway in the basement of his palatial home. Miss Francis Denton, his daughter, becomes heirless to his fortune. She, her mother and Mrs. Merriman, Denton's sister, are remaining in Los Angeles pending the outcome of the case.

BANKERS PLAN TO FORM TRADE BOARD

Atlanta, Nov. 5.—Formation of a \$12,000,000 foreign trading corporation under the Edge act to finance export cotton will be undertaken at a meeting in New Orleans next Saturday to be attended by bankers from all Southern States. It was called today by Robert P. Maddox, president of the Atlanta National Bank as chairman of the special committee formed in Washington during the American Bankers' Association's annual convention.

While the new corporation will eventually trade in all products of the South, cotton dealing will receive first attention.

Chairman Maddox said there was no purpose of controlling the cotton situation or aiding the holding of cotton for higher prices but to foster sales of cotton and other products to foreign countries and to provide the banking facilities for that trade.

"TWIN BEDS" WILL PLAY IN XENIA

Salisbury Field and Margaret Mayos festival of laughter, that popular musical comedy production "Twin Beds" will be seen at the Opea House Tuesday November 16, according to arrangements made by the Standard Amusement Company.

A first class company will present this amusing piece in this city, the company being the same that will present the offering at the Grand Theater, Cincinnati, all next week, and featuring Zaina Zurzon. The cast will be intact as it will play at the Grand next week.

"Twin Beds" is a healthy, amusing piece of hilarity, which earned and held its long public endorsement by its incessantly dramatic, swift-moving action. Zaina Zurzon adds much to the piece, and she is ably assisted by an exceptional company of farceurs, who have long been associated in the piece, such as Joseph Rarahan, Antoinette Roehle, R. M. D'Angelo, Bess Stafford, Bennett Ffnnz and Calie Van Vliet.

"Twin Beds" will be one of the best offerings of the season here, it is predicted by Manager James D. Adair.

the next government in any event. Hoover's espousal of the Republican position on this league at a critical time is recognized and the Republican chieftains are truly grateful. They recognize him as one of the best informed men on world affairs in America.

Lowden Mentioned.

For secretary of the treasury, four names have been mentioned prominently—Governor Frank O. Lowden, of Illinois, Frank Vanderlip of New York; George Reynolds, Chicago banker, and that of Weeks, already mentioned for the navy. There is a warm personal friendship between Lowden and Harding. The Illinois governor retires from public life on January 1, and it is known that Harding feels that his knowledge and wide executive experience, particularly in financial matters, should not be lost to the public.

War is another cabinet position which is causing much scratching of heads. But for the prejudice against making an army man head of the department, it is believed that General Wood or General Pershing would draw that post. The latter is retiring from the army, anyway, and certainly no man has a wider knowledge of American military affairs or European than has the late commander in chief of the A. E. F. The name of Julius Kahn, of California, chairman of the house military affairs committee, also has been mentioned.

It is considered a certainty that

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Mr. James H. Amen who suffered for many years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Sayre & Hemphill have been appointed agents for Allenhu in this vicinity with the understanding that they will freely return the purchase money to all who state they received no benefit.

TESTED RECIPES
Boiled Macaroni With Meat Sauce—Place two-thirds cup of finely chopped meat, four onions and two tomatoes minced very fine in a saucepan and add one-half cup of flour. Toss the meat and vegetables to cover with the flour and then add one-half cup of shortening and brown the meat and vegetables well. When nicely browned add three and one-half cups of cold water and stir. Bring to a boil slowly and cook very slowly for one and one-quarter hours on the simmering burner. Season and pour over one-half pound of cooked macaroni.

Sweet Potatoes en Casserole (serves four)—Peel four large sweet potatoes and cut them in halves. Put them in casserole with a little water and butter and pour over them one-half cup of good maple syrup substitute. Season with salt and pepper; bake two hours. Very nice served with breaded veal chops for dinner.

Baked Potatoes With Eggs (serves four)—Bake four large potatoes until soft. Allow one egg for each potato and separate whites from yolks, keeping yolks whole. Beat whites to stiff froth, and when

potatoes are baked and the insides of potatoes scooped out, mix whites with potato mixture. Then add to this one tablespoon of melted butter, also salt and pepper, and return mixture to skins, leaving a hollow in top. Into this hollow slip the yolks and sprinkle the tops with bread crumbs and tiny bits of butter. Return to oven long enough to set the eggs; serve very hot.

KITCHEN HINTS.
Kitchen Perplexities—Coal buckets, sink strainers, refrigerator pans and every household receptacle for waste should be kept absolutely clean. Brushes, brooms, dust cloths, scrub and window cloths and dish towels should all be immaculate.

The greatest offender—the dish cloth—deserves especial notice. It is used and indifferently washed out in most instances until it falls to pieces after a period of germ-laden usefulness. A dish cloth should be boiled out, washed and sun-dried daily and replaced very often.

Do Not Overlook the Refrigerator—Refrigerators, because they look so cool and clean, chilled odors being slow to make themselves known, are most often neglected. They are perhaps the most vital of all food containers, and need the most care.

Twice a week the refrigerator should be thoroughly cleaned, washed out with soda water, the shelves set out to air and sun-dried and the drain cleaned with the long handled brush that comes for the purpose, and plenty of hot ammonia water.

Not only the shelves must be cleaned, but the inner walls. The slime from ice that forms in the drains soon clogs them and becomes very offensive. It taints butter, cream, milk, cheese and any open foods though the box may look innocent to the untrained eye.

"The Woman He Married"

BY JANE PHELPS

THE FIRST SHADOW OF DEBT
Chapter 5

In spite of Dick's refusal to open accounts, I was in debt. I had been really drawn into it unthinkingly. To be sure it was not much—just a little at the butcher's and grocers. It came about in this way. One day I wanted more than I had money to pay for, and the butcher said: "Get what you want, Mrs. Williams, and I'll send in a bill."

"It had been practically the same with the grocer. So I had formed the habit—very gradually—of letting such tradesmen as would, wait. I found that when I paid for everything I had no money left for clothes. So I let them wait, lapping their bills over from one week or month to another, paying only when they asked for their money. Clara had shown me how to manage so that I could placate them, and still give them only part what was due.

I hadn't at this time any desire to deny myself to save. I wanted handsome stylish clothes more than any thing else in the world. Next to clothes, I wanted to live in a fashionable apartment house. I was spending more for myself than was at all consistent with Dick's income. I had bought two new dresses and a lovely hat. I wrote Mother of my disgust with my wardrobe after I had visited Dick's people and she sent me \$20 to help."

It was very little and it bought me very little. But I shudder now when I think of the self-denial Mother prob-

ably had to exercise to send it to me. I was not well, and for that if for no other reason I should have been more careful, more economical—knowing that when the expected addition to our family arrived, our expenses would necessarily be greater. But I was, as I now see, supremely selfish. I loved Dick, still I wasted his money—or, rather, I spent it as I had no right to. And I had no excuse save the wish for style, for show to outdo them, and to make myself more attractive.

My friends—as well as Dick—all helped me lose my sense of proportion by telling me what I loved to hear—how lovely I would look in certain things, how such and such colors became me and what good taste I had how very stylish I would look if I could dress as I should. This invariably meant in materials and workmanship far beyond our means.

Dick was a kind, a considerate husband. He never gave me a cross word, nor was he at all critical of my many mistakes, although he must have wondered at times why a girl brought up so simply should make them.

Now his thoughtfulness of me was wonderful. He not only earned the living but he insisted upon doing all the heavy work. He was so afraid I would overdo that he got up an hour earlier, a terribly hard thing for him, so that he might do as much as possible before he left for the office.

While I was not ungrateful for his

help, nor unappreciative of his kindness I was always wondering why he couldn't earn more. If he did I could have a maid, and he wouldn't have to do housework.

Many times I was tempted to tell Dick of the bills hidden away in the bureau drawer. Not large ones to be sure, yet quite an amount in the aggregate. But as many times my courage failed. Instead I got deeper and deeper into debt until I was really afraid to tell him.

Somehow I must have some money—and soon. These bills must be paid before I became unable to attend to them. The tradesmen too, were becoming impatient. One of them had dunned me over the telephone, and mortified me almost to death. Later I didn't mind a little thing like that.

Marriage we all say, and think, follows love. But love would be more apt to endure after marriage if we would not strive to live beyond our means, wouldn't attempt to ape our more prosperous acquaintances. I am sure husbands, and wives would live far more happily could they only the constant straining after social position with its attendant extravagances of entertainment and dress.

But I had this to learn, as have many other women. Then I honestly thought—made myself think—that I never could be really happy unless I had all the things I craved.

Tomorrow—Clara Teaches Nan One Way Out

HARDING MADE HIT WITH THE FAIR SEX

Canton, O., Nov. 5.—President-elect Warren G. Harding was a "bear" among the girls when he was a student in college. J. B. McCoy, merchant here, said today. McCoy was a classmate of Harding at Central college back in the 80's. Warren was just a boy, interested in athletics, did not shine above the rest of his class in his studies, was always fair in everything and a "bear" with the girls, said McCoy today.

CLEVELAND FARE BOOSTED

Cleveland, Ohio, November 5.—Directors of the Cleveland railway Company at a meeting decided to increase street car fare to six cents or nine tickets for 50 cents, with a charge of one cent for transfers. The present fare is 5 cents with a cent for transfer. The new rate is effective November 14.

A ¾ kilowatt DELCO-LIGHT at a greatly reduced price is offered to you. This plant generates plenty of electricity for the average requirements of the farm home, for abundant electric light, power for pumping water and for running the machines ordinarily turned by hand.

And the price is only \$425 f. o. b. Dayton, Ohio

There are larger DELCO-LIGHT models for larger requirements—at prices lower than those paid for former models of the same capacities. All DELCO-LIGHT models have the same unexcelled mechanical features. They are self-cranking, self-stopping, air-cooled, have only one place to oil, and are equipped with thick plate, long-lived battery.

No matter where you live, there is a satisfied user near you, enjoying the comforts, conveniences and labor-saving features of DELCO-LIGHT. Over 125,000 plants in daily usage are your assurance of the continued satisfactory and economical service of all DELCO-LIGHT models. There is a size DELCO-LIGHT to meet your needs.
